

UNDA REX

Living with the sea

JSR-S

JSR-S is a mitigation seat from **UNDA REX** designed for recreational and semi-professional use.

Robust marine grade stainless steel provides long term use with minimal maintenance.

Thick sponge provides additional comfort for occupants.

Available with or without stand box (retrofitting).

Fibre-reinforced plastic stand box serves as an easily accessed dry storage for various accessories necessary on deck.

Technical characteristics:

- 60 mm vertical stroke
- Adjustable spring preload
- Adjustable shock absorber rebound
- Marine grade AISI 316L stainless steel mechanism
- Fibre-reinforced plastic stand box with hatch
- Custom color stand box on request
- Custom color hatch on request (white, black or cream)
- Non-absorbing marine grade sponge
- Abrasion resistant Silvertex™ upholstery
- Custom upholstery color on request (Spradling Silvertex™ palette)
- Optional front grab handles
